While the software was designed as a powerful and easy-to-use tool for photo editing, it can be used to create web graphics, layouts, and retouch images. The program also serves as a simple catalog for images and video. You can download Photoshop Elements 9 from the Adobe website, or you can use the trial version which allows you to make certain image adjustments and edit a few other basic graphic elements. It also lets you download your images in formats like JPEG, JPEG 2000, PNG, GIF, TIF, EPS, PSD, and PSB. This review will show you everything you need to know about Photoshop Elements 9, the latest version of this popular image editing software. Adobe Photoshop Elements 9 Review The Latest Version of Photoshop Elements Features With Photoshop Elements 9, you get access to: A new, simple and more streamlined workspace A new features-rich help menu. A larger library of free graphic elements. A suite of powerful photo editing tools. Improved overall performance, speed, and speed of performance. Prevent images from being used on non-Adobe websites. Protection of printouts. Support for improved speech recognition. Interface Improvements Elements provides a crisp, clear, small, and clean interface that puts you in control of your graphic elements. One of the biggest changes in Photoshop Elements 9 is the reduced amount of options, menus, and toolbars. Elements is designed with a streamlined interface that has no complicated sub-menus or toolbars. You can now access most features of the program simply by using the on-screen keyboard or by using the new camera tool that allows you to easily crop, rotate, and transform photos and other images. The keyboard also allows you to move and edit your image elements. You can also use the new fonts and pictures, if you have them, and then use the crop tool to adjust the size and position of the image. The toolbar also has a new camera button that allows you to quickly crop, rotate, and transform your image. The Elements icon is very small and in the center of the screen, so you can quickly access the new camera tool and get started editing your images. The menu system has also been simplified and made easier to use. Elements 9's preferences have also been moved from the window's taskbar to the window's lower

From the government's own documents obtained via a FOIA request... While searching for gay pornography on his government computer, a Department of Defense official in 2008 used the search engine Google and typed in a term that was deemed particularly offensive by an unknown person on the Internet, according to government documents. A government official searching for gay pornography on a government computer in 2008 used the Internet search engine Google and typed in the term, "teen fisting," according to government documents. An unnamed Department of Defense employee was doing a routine search on his government computer for gay pornography when he typed in "teen fisting," a term that could be offensive to some, which is why it was highlighted to administrators. "A memo (written by administrators) indicated that the term 'teen fisting' should have been searched for on the CD drive before searching for porn," according to an email from a gay activist to the Human Rights Campaign, a gay rights organization. "The CD drive search could potentially affect the lives of LGBT servicemembers." The incident was only brought to light after the gay activist appealed to the Department of Defense for information about this incident. An April 10, 2013, email to the human rights group OutServe-SLDN described the incident and pointed out that the same Google search engine included gay websites with gay porn in the results. Giving The active voluntary community that exists in Highland Hills is a wonderful manifestation of all the values of giving back. Families of all ages are asked to give to a selected program or activity in the church or the wider community that fits their area of interest. All donations are used locally and the amount will be shared locally. Please make sure that all donations go to the correct area before making your donation. Your gift of a nutritious breakfast will last two weeks. How? Our breakfast program is run by volunteers through the churches hospitality program. They prepare and serve our breakfast on a daily basis. Any donation will be held until the end of the financial year. Breakfast (B) Your gift will feed a group of 15-18 children and 2-4 adults for two weeks, so you'll feed a total of 24 children. Donation of \$10 will feed a child and a staff member for a two week period. This will feed a group of 15 children and 2 staff for a fortnight. Donation of \$25 will feed a group of 30 children and 3 staff
