(Please refer to the comment in the code) Can someone please check, is this correct? A: Which version of the game? Is the taskpane (Windows 7) running? If not, your configuration isn't correct. If you need more information about your taskpane, please post the link, and I will go check it. Q: How to include fragment from another activity I have a main activity that has a toolbar. I would like to show a fragment from another activity in the toolbar. The problem is that the foyer does not find the toolbar.

```
public class MainActivity extends FragmentActivity {
    @Override protected void onCreate(Bundle savedInstanceState) {
        super.onCreate(savedInstanceState);
        setContentView(R.layout.activity_main);
        Toolbar toolbar = (Toolbar) findViewById(R.id.toolbar);
        setSupportActionBar(toolbar);
        FloatingActionButton fab = (FloatingActionButton) findViewById(R.id.fab);
        fab.setOnClickListener(new View.OnClickListener() {
            @Override public void onClick(View view) {
                Snackbar.make(view, "Replace with
