What's new in TANE DLC - TE3-1072:

with Thomas The one-year anniversary of the death of Thomas the Tank Engine ended with the following announcement at the annual Railway Magazine Train Show: Another year has passed. Another year without the Railway Hall of Fame being opened on the 6th February. But there are some major new changes on the horizon including: Reshaping of the WAFCA to incorporate the heritage train section. This will result in the renaming of WAFCA to the Railway Heritage Society WAFCA and the name WAFCA Train Club will be scrapped. The new Railway Heritage Society WAFCA will be based at Cranhill, with its head office in Dunbar, and will be a non-profit making social enterprise. It will offer classes and specialist services to members and provide associated goods and publications. It is hoped that WAG&GO will run years 5 to 9 until the club receives the necessary funds to take it forward, and it will be incorporated as a limited company. This will give us access to the support we need to complete the Great Brown Train, moving eventually to the new base at Westerton, and being extended to Golden Gate and the far flung areas of the country. I hope you will join us at Cranhill on Saturday and Sunday February 8 and 9, where we hope to be able to give you more details. Managing director, Peter Marshall, says that the demise of WAG&GO was not a result of a lack of funding but a lack of agreement at a high level. He claims that the locomotives used by WAG&GO are unsuitable for the national community scheme and that they are not suitable for layouts that can attract class participation. He adds that there were talks with the WAFCA to amalgamate the two societies. However, he assures the public that there is no dissention within the trusts about the ending of the old WAG&GO and the beginning of what he hopes will be an improved WAFCA based at the former location at Cranhill. Mr Marshall said: This will be an opportunity to bring the best of WAFCA and effectively WAG&GO along with the new Railway Heritage Society WAFCA. The Railway

Heritage Society WAFCA will have a home from home at the old turnpike house and work on the railway programme and train layouts that so many of you enjoy. Under the original WAFCA agreement, we have the
