In "Night Fly" you play as an ordinary man who has been captured by the dark forces and enslaved. The game opens up with a clip that should be considered as a prologue, and then it begins the whole work with a somewhat unusual game mechanics. The environment is tightly interconnected, each of its elements is absolutely crucial, you should think about them not as objects, but as obstacles. If you will not be careful and won't be able to think on your feet, you will get deep into trouble. Designers: Game was created by author. From an example I found online. I created the following simplified version to reproduce what they did: function test(){ \$('#test').text('test passed!'); } function test2(){ test(); } test hello What I would expect would happen is that my div would show "test passed!" However, it doesn't. Is there a standard reason why? Or is it a jQuery bug? A: You use \$ before a variable declared in test() so replace function test2(){ test(); } by function test2(){ test(); \$('#test').text('test passed!'); } June 11, 2019 Jay Inslee, Governor of Washington, has taken an early lead in the Democratic presidential primary. 2018 Comment The Herald News by Chris Bernier Posted: August 7, 2018 HALIFAX — A young international ballet dancer makes her Halifax debut in a children's version of the legendary The Nutcracker, but some critics say her interpretation is too mature for the young performers who need to grow into roles like Alyona Maksimova. The diminutive ballerina has performed with Canada's Quebec City Ballet throughout her career. She made her final appearance with the Quebec company at age 19 in 2012. Now at the age of 25, she teaches in Ukraine. When she returns there, she will be able to dance leading roles. Maksimova debuted in The Nutcracker as an older child, but professionals discuss which young ballerinas are ready to step into the main characters at the Nova Scotia Ballet. Nova Scotia Ballet has a contract with NSB Junior Ballet North America, the local arm of the New York City Ballet, through the end of this year. Dancers in the company who perform main roles are allowed to take on six-month contracts with the NSB. Young dancers, aged between eight and 12, perform as the Sugar Plum Fairy. Maksimova once performed that role in Ukraine. In Halifax, she is dancing the Snowflake in the 4-to-7-year-old children's version of the Nutcracker. The young Snowflake dances herself out of a fairy cake in front of the Sugar Plum Fairy at the opening night of the Halifax Ballet Society's Nutcracker Ballet last week. The third company has been presenting the Nutcracker ballet for children at weekends at the Dalhousie University Theatre since 2015. - Nova Scotia Ballet "There is a lot of work that needs to be done, and I'm not going to get upset about what I don't like. There's so much more to grow in," Maksimova said. "So, thank you for your advice about being a good leader, and remaining positive and improving yourself, and keep practicing." She said ballet companies across the United States have no problem with her hiring one of them. Former dancer her age is a priority in the United States, she said, and so is having a similar style of dancing to the dancers

It's time to make a statement. Take your best shot. It's time to ROCK. While the 1950s were a time of "short-skirt" parties, there were also a lot of blue-collar people with blue-collar problems getting in trouble. Jump Gunners is a side-scrolling action game where players take on the role of an American Gunfighter... or Gunner! When blue-collar town of Springfield's peace-loving citizens weren't out on the town getting into trouble, they found themselves knocking over liquor stores, robbing banks and dealing with an onslaught of gangsters. They needed help. Enter Greenway's "Jumpers". Jumpers were tough, strong men who could stop bullet sponges and wield fire axes with their teeth. They were also the only cops in town, and they needed the town's "screw-ups" to be put on some ice. Jump Gunners takes a few liberties with the era to make sure that you got some action when you play, and it does so in a fun, tongue-in-cheek way. The 1950s western culture is brought to life with a sense of humor as you'll play as anthropomorphic robots, gamblers, cowboys, gangsters, and everything in between. Oh yes, the list of personalities is HUGE. This 3D platformer is jam-packed with 2-player split-screen action, large amounts of unlockable characters and weapon combinations to use, and the biggest list of random level challenges I've seen in a platformer to date. Blue-collar problems? Time to make a statement. Take your best shot. It's time to ROCK.
