We have created a Wine port of both the KaM 'Classic' version and the KaM Remake version. The game has been tested on Ubuntu 15.10, SteamOS and Arch Linux. You can read a full review of Wine on the WineZone website. As an example, I created three files in Wine and KaM Remake that I wanted to demonstrate. To get started, I chose Ubuntu 15.04 as my operating system, and with this example, I want to demonstrate how to easily and quickly integrate Wine and KaM Remake into Ubuntu 15.04. First of all, I created three files in Ubuntu using the TextEdit program.
