## Mauser Rifle Serial Number Identification

February 8, 2015 - I have a JP Sauer Mauser 98 sporting rifle from the 1930s. The serial number is stamped on the right side of the receiver, and this is the same . 308 cal. The serial number is stamped on the left side of the receiver, where the pistol grip is. Both the numbers are applied by hand. On this rifle and on another of the same year of manufacture, the numbers are applied on the receiver by hand. On the rifles it is written: "In Gebirge der Norden" and "In der Norge" these are Norway and Norway. One of the rifles has a serial number stamped on it, the other does not. There is a serial number on the left side of the receiver, not on the right side. dd2bc28256
